

Stillpoint

FREE GUIDE

Price comparison worksheet

Compare itemized prices from providers, side by side.

This is general, educational information from a free matching service. Stillpoint is not a funeral home and does not give legal or financial advice. Always ask each provider for its itemized price list and confirm prices in writing.

Funeral price comparison worksheet

Every funeral home must give you an itemized General Price List. Use this sheet to compare two or three providers, line by line. You only pay for what you choose.

Item	Provider A	Provider B	Provider C
Basic services fee			
Transfer of remains			
Embalming (only if you choose it)			
Other care of remains			
Viewing / visitation			
Ceremony / service			
Direct cremation			
Cremation container / urn			
Casket			
Graveside service			
Cemetery plot / vault			
Markers / headstone			
Death certificates (each)			
TOTAL			

How to use this

- Ask each provider for its itemized General Price List — by phone or in person. This is your legal right.
- Write each price in the matching row. Leave blank anything you do not want.
- Compare the same items across providers. The lowest single price is not always the lowest total.
- Confirm your final choice and total in writing before you agree to anything.

When you are ready, Stillpoint can connect you, free, with licensed funeral homes and cremation providers near you at stillpointrest.com. We are not a funeral home and do not give legal or financial advice.
